In Darhan, Mongolia, on a piece of land which measures nearly two acres, Pastor Dabxagbayar and his wife have a vision. **Growing acres of vegetables such as cabbage, potatoes and turnips will not only feed the church, but also provide income for ministry needs.** To keep the crops protected from neighboring livestock and theft, a fence needs to be built to completely enclose the property. **Materials for this fence project will cost \$3,000.**

Please pray for God's provision to meet this need!

Thanks for your prayers and support.
